## ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after August 1 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to August 1, 1976. Anyone failing to do so cannot be assured of being considered for admission.

### New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building.

### Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State, but (2) was not enrolled during the spring or summer semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission and other information from the Records Office, Room 119, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students and must be properly admitted to graduate school as new students.

## RESIDENCY CLASSIFICATION

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

### Persons Over 60 Years of Age

Persons over age 60 may register to audit any degree credit course without charge on a space available basis. Call 454-2671 for further information.

### Totally Disabled Persons

Disabled persons with a permanent totally disability which totally incapacitates such persons from earning an income and who are domiciled in Tennessee may register to audit any credit course without charge on a space availability basis. Call 454-2671 for further information.

## REGISTRATION PROCEDURES

At Memphis State University, the registration process is composed of the basic steps outlined below. After the outline, each step is explained in detail.

- |  |  |
|--|--|
| (1) Consulting with academic adviser     | (4) Changing enrollment status           |
| (2) Obtaining registration materials     | (a) Change-of-course procedures          |
| (3) Securing class cards and paying fees | (b) Withdrawal procedures                |
|  | (c) Change of college, major, or adviser |
|  | (d) Change of name or address            |
|  | (5) Credit by examination                |

### (1) Consulting with Academic Adviser

To begin the registration process, all students must see their academic adviser to obtain the "Student Schedule" form and secure the adviser's approval of their course selections. More specific instructions are as follows:

#### Current Students

Current students should consult with their academic adviser during the term

preceding their next semester registration and receive the "Student Schedule" form. It is the responsibility of the student to arrange to see his adviser at the earliest possible time. This should be done prior to the semester registration period. The University is open Monday through Friday, 8:00 a.m. to 4:30 p.m. except on holidays.

#### **New Students (Undergraduate)**

Freshmen and transfer students registering for the first time should attend a new student orientation session in which information concerning the registration and advising process will be given. (See semester calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the General Advising Center. Students assigned to the General Advising Center should go to the Center immediately after admission to the University and request the assignment of an adviser. If possible, this should be done prior to the new student orientation session. The General Advising Center is located on the first floor of Jones Hall. Advisers will be assigned during the orientation session to students who have not seen an adviser.

#### **New Students (Graduate)**

New students in the Graduate School will be directed to an academic adviser following their admission to the Graduate School.

#### **New Students (Evening Division)**

New students enrolling in the Evening Division must attend the information session to be held in the University Center Ballroom. (See MSU Campus Registration Calendar for date and time.) Advising and registration information will be given at this session.

#### **Readmitted Students**

Students readmitted to the University for the fall semester who do not have an academic major will be assigned an adviser in the General Advising Center, first floor Jones Hall. All other readmitted students should report to the department in which they plan to major and request an adviser.

#### **Unclassified, Special Undergraduate, and Audit Students**

Students who are unclassified, special undergraduate, or audit should go to the General Advising Center, Room 109, Jones Hall, for advising assistance.

### **(2) Obtaining Registration Materials**

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a personal data form entitled "Student Information Form," (2) a card entitled "Registration Appointment Card," (3) a card entitled "Student Fee Card," and (4) a permanent ID card. Registration materials may be obtained as follows:

#### **Current Students**

Registration materials will be mailed to the permanent address of all students currently enrolled—with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a university office.

#### **New and Readmitted Students**

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared will receive their materials by mail. Students not clearing in time to receive their materials by mail will be given a chance to obtain materials before the actual day of registration and will receive instructions on how to accomplish this.

## ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

New students will be given information concerning ID cards in their information sessions. Current students who have lost their card may obtain a replacement from the Dean of Students' office, Room 114, Scates Hall, by paying the replacement fee of \$10.00. Students unable to obtain an ID card at off-campus or special registrations must go to the Records Office to have one made.

### (3) Securing Class Cards and Paying Fees

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials in hand are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. Important points to remember about this step in the registration process are:

- (1) Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." (See example.) Registration priority at Memphis State University is based on cumulative hours earned. See statement of policy on registration priority.

Specific time for NIGHT registration

Date of registration for NIGHT students ONLY  
(represents day of month)

Specific time for DAY registration

Date of registration for DAY students ONLY  
(represents day of month)

The diagram shows a "REGISTRATION APPOINTMENT CARD" with two main sections: "DAY STUDENTS" and "NIGHT STUDENTS". Each section has a grid for "DATE" (day, month, year) and "TIME". Arrows from the text above point to the "DATE" and "TIME" fields in the "NIGHT STUDENTS" section.

(1) DO NOT FOLD OR MUTILATE THIS CARD OR REMOVE FROM THE PACKET. IT MUST BE PROCESSED ALONG WITH YOUR CLASS CARDS.

(2) ENTER THE REGISTRATION CENTER ON THE DATE AND TIME SPECIFIED ABOVE TO OBTAIN CLASS CARDS AND PAY FEES.

**REGISTRATION APPOINTMENT CARD**

STUDENT: AFTER YOU HAVE OBTAINED CLASS CARDS, ENTER YOUR LOCAL ADDRESS AND CLASS SCHEDULE ON BACK OF THIS CARD.

All students should attempt to enter the Registration Center at the appointment time indicated; however, the student may enter at any later appointment time.

- (2) Schedule conflict — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict. Students should be careful to check the schedule for course offerings that might have changed. Up-to-date information can be obtained during registration.
- (3) Special Courses  
Credit-No-Credit — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate Bulletin.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form and secure adviser's signature, (2) go to department chairman's office in which course is taught and secure his approval, (3) obtain "Class Card Request" form from department chairman, (4) take completed permit form and "Class Card Request" form to the Registration Center at the appointed registration time.

Audit Courses — In order to register, the student must: (1) Obtain academic adviser's approval, (2) go to department in which course is taught and pick up "Class Card Request" form, (3) take "Class Card Request" form to the Registration Center at his appointed time.

A student auditing a course will receive "audit" on his/her transcript only, if in the judgment of the instructor, he/she has attended a sufficient number of classes to deserve the notation on the transcript. Faculty will base their decisions for awarding "audit" only on attendance as the student is not allowed by policy to participate in any other way.

- (4) Payment of fees — Registration is not completed until fees are paid. Since there will be no deferment of fee payment, *students should not enter the Registration Center unless they are prepared to pay fees*. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center.
- (5) Students who fail to register during the regular registration period may register beginning on the first day of classes. These students will be charged a \$5 late registration fee on the first day and an additional \$1 each day thereafter. Special late registrations are held at some off-campus locations.

At the time of this publication, fees for the fall semester, 1976 have not been set for the University. However, fees for the Fall Semester, 1976 are probably:

#### Undergraduate

	Resident	Non-Resident
Per semester (full-time student)	\$224.00	\$692.00
Per semester hour (part-time student)	20.00	59.00

#### Graduate and Law

Per semester (full-time students)	\$244.00	\$712.00
Per semester hour (part-time student)	23.00	62.00

Of course, the listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he registers.

## **Parking Fees**

A decal is required for main campus parking. The decal costs \$5, which is payable at the time of registration. A student must have a validated ID card prior to purchasing a decal.

## **Refund of Fees**

If a degree credit student withdraws from the University within seven days from the beginning of classes, a refund will be made of 80% of his fees. Each week thereafter, the amount will be reduced to 20%. For information see the undergraduate **Bulletin**.

### **(4) Changing Enrollment Status**

Once the student has completed his initial enrollment, he may find it necessary to change his enrollment status. Comments outline those procedures to be followed in changing status.

#### **Change of Course**

After a student's registration is complete, he may—within specified time limits—change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester Calendar. A fee of \$3 will be assessed for each course which is added or dropped. No change of course is processed until the fee has been paid. There is no charge for a change made as a result of the University cancelling a course.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

Students who are enrolled for one course only must withdraw, not drop the course.

#### **Withdrawal Procedures**

Students may withdraw from the University by notifying the appropriate University official in person or in writing.

- (1) Undergraduate Students — Notify the Office of Special Services, Room 118, Scates Hall
- (2) Evening Students — Notify Records Office, Room 119, Administration Building
- (3) Graduate Students — Notify the Dean of the Graduate School, Room 315, Administration Building

Time limits for withdrawals are stated in the Campus Registration Calendar.

#### **Change of College, Major, or Adviser**

Undergraduate students in the College of Arts & Sciences, Business, Education and Engineering may change college, major, or adviser by making application to the College in which they are currently enrolled. The student should make sure that all advising files are forwarded to his new college. After being assigned an adviser, the student should come immediately to the Records Office.

Graduate students desiring to change majors should fill out a change of major form in the Graduate School office.

#### **Change of Name, Address, or Social Security Number**

It is imperative that the student keep his name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to the

Records Office in the Administration Building. Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at the new address.

**IMPORTANT:** All changes should be made early during the semester to insure their processing before the next semester.

#### **(5) Credit by Examination**

Almost all courses in the undergraduate curricula, except for those of laboratory, research, and performance variety, are available for credit by examination. Students who believe they have already mastered the material of a particular course offered at Memphis State may take a departmentally administered examination for credit in that course. Students should consult the department chairman to make application and to obtain information concerning the courses offered.

The following regulations govern the granting of credit by examination:

- (1) Any enrolled student—full-time, part-time, or extension—who is in good academic standing may make application to take an examination for credit. A student who has been admitted but has not yet registered for courses at Memphis State will have the credit earned by examination posted after he has enrolled. Examinations may not be given to students in sequential courses numbered lower than those the student has already completed.
- (2) Permission to take a credit examination must be obtained from the chairman of the department in which credit is sought and from the dean of the college in which the student is seeking a degree. When permission is granted and after payment of the cost of the examination, the Dean of Admissions and Records will issue an official permit for the examination.
- (3) The form of the examination, the method of administering it, and the time of examination are left to the discretion of colleges and departments.
- (4) To receive credit, the student's examination grade should be a grade equivalent of at least a C. There are no restrictions governing the number of credit hours which may be earned through credit by examination. Credit is indicated in the student's record as Cr. and included in the hours accumulated by the student but not included in computing his grade point average.

#### **Credit by Placement Examination**

In departments in which placement examinations are given, a student may elect to receive credit for certain sequential courses numbered lower than the course in which the student was placed as the result of the examination. Recording of credit may be requested by the student upon completion of the course in which he was placed and is contingent upon his having earned a grade of C or higher in the course. The fee for recording the credit is the same as that for taking an examination for credit.

#### **The College-Level Examination Program (CLEP)**

CLEP is a national program of credit-by-examination, sponsored by the College Entrance Examination Board, that offers the opportunity to obtain recognition for college-level achievement. No matter where or how the information was learned, the student may take the CLEP tests. If the results are acceptable to the college, credit is granted. Information about CLEP and application forms are available from the individual college advisers and the General Advising Center.

## GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned will be mailed to each student at the end of the semester. Also shown on the grade report will be hours attempted, hours earned, and grade point average. The report will be mailed to the permanent address.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE  
EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT  
THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD,  
NO GRADES WILL BE RELEASED BY TELEPHONE.

\*Classes meeting one day a week for at least two hours will have their examination during the examination week at the time the class normally meets.

No examinations may be given at a time other than the one listed above except with written permission from the department chairman and the college dean.

Examinations for classes which meet at an hour not included in this schedule (e.g., 9:30 MWF) should be given at an hour as close to the scheduled hour as possible. (The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

## **COURSE NUMBER SYSTEM**

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School but open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

## **ACADEMIC STATUS AND RETENTION**

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University catalog.

## **REGISTRATION PRIORITY**

Since it is impossible to register all students of the University at the same time, it is obviously necessary to establish some priority in the assignment of registration times. At Memphis State University, registration priority and the registration appointment times appearing on registration materials are generally based on the number of cumulative hours earned. This policy is based on the rationale that those students closest to the degree have the most critical need for choice of courses. The policy also has a pragmatic base since no other criterion of assignment seems to be as equitable and as easily administered.

Registration materials must be prepared before the end of the term that immediately precedes registration. Therefore, the appointment times do not reflect hours earned during these terms. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

The majority of University students hold jobs either on or off campus. Registration priority and associated registration appointment times cannot be based on the need to work precisely because such a large number of students do work. No practical or equitable way exists, therefore, to administer a priority system on the criterion of a student having to work.

Although the University is desirous of assisting transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program. Unclassified students will, therefore, be awarded registration appointments on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

## **MESSAGE FOR VETERANS**

Eligible veterans may take credit courses as full, three-quarter, or half-time students and receive monthly G.I. educational benefits. Contact the MSU Office of Veterans' Affairs, 454-2996, 105 Scates Hall, for further information.

## PRIVACY RIGHTS OF PARENTS AND STUDENTS

Provisions for the release of information about students and the rights of students and others to have access to Memphis State University education records are as follows:

### A. Release of Personally Identifiable Student EDUCATION RECORDS

Memphis State University shall not permit access to or release of any information in the EDUCATION RECORDS which is specifically identifiable as referring to any student, other than Directory Information, without the written consent of the student, to any party other than the following:

1. MSU officials and staff who have legitimate educational interests, including academic excellence and honor societies and fraternities and sororities. Written requests from such officials or organizations shall be sent to the Records Office, and proper identification will be required.
2. Officials of other schools in which the student seeks admission, if the student has executed a release form to that institution. (At a later date, a request for academic information from another institution of learning indicating the reason will be honored as a matter of inter-institutional courtesy.)
3. Appropriate persons in connection with a student's application for, or receipt of financial aid.
4. Federal or State officials as defined in the regulations concerning this law.
5. State and local officials authorized by State statute adopted prior to November 19, 1974.
6. Organizations conducting studies for, or on behalf of, Memphis State University for the purpose of assisting in accomplishing the University's stated goals, and when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose. The Dean of Admissions and Records or his designate must approve requests of this nature.
7. Accrediting organizations, to carry out their functions.
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954. (Note: Husband or wife cannot get records of his/her spouse regardless of dependency.)
9. In compliance with judicial order or subpoena, after the University has made a reasonable effort to notify the student.
10. Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other persons. Verification of the conditions involved will be fully documented.

### Note:

All individuals and agencies who have requested or obtained access to a student's record (except as stated in A 1-7) will be noted in a record which is kept with each student's closed file. A request must be in writing stating the purpose of the request. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information, and the information made available will be limited to that necessary to satisfy such demonstratable needs.

### B. Definitions:

**EDUCATION RECORDS.** "EDUCATION RECORDS" is defined as those records, files, documents, and other material which (1) contain information directly related to a student; and (2) are maintained by Memphis State University or by a person acting for the University. They do not include: (1) personal notes; (2) records available only to law enforcement personnel; (3) employment records; (4) medical, psychological, and psychiatric records (these are accessible to the student's physician).

**Student.** A student is any person who is or has been enrolled at Memphis State University. Wherever "student" is used in reference to personal rights, an eligible parent of a dependent student has similar rights. This "eligible" parent is one who has satisfied Section 152 of the Internal Revenue Code of 1954, and who presents proof of such to the custodian. Normally, this will be a notarized affirmation by the parent declaring that the student is a dependent for Federal Income Tax purposes.

**Directory Information.** "Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous education agency or institution attended by the student. At the time a student registers for courses, the student may personally deliver to the Records Office a written request that directory information for that student may not be released. This notification is effective only for the one semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

**Access.** To have access to an EDUCATION RECORD is to be allowed to see the original record. It implies the right to obtain copies of that record.

**C. Procedure for Gaining Access to EDUCATIONAL RECORDS**

To gain access the student must request the custodian to allow him to peruse the EDUCATION RECORD, which request will be granted within a reasonable period of time. The student may ask for an explanation and/or copy of his EDUCATION RECORD. Examination will be permitted under conditions which will prevent alteration or mutilation of the record. A student must present proper identification upon request. Documents submitted by or for the student in support of his application for admission or for transfer credit will not be returned to the student nor sent elsewhere.

If the student believes the RECORD content to be inaccurate, he may submit a request for amendment of his record. Normally such matters will be satisfactorily settled in the course of informal discussion with the student. When this is not the case, the request, and the challenge must be presented in writing to the record custodian who will inform the student of his decision within 45 days and of his right to a hearing. The student may then submit a written request for a hearing to the Dean of Admissions and Records who will (1) appoint an Appeals Committee consisting of four RECORD custodians (none of whom is custodian of the RECORD in question) with one of the four designated as chairman, and (2) designate a time and place for the first meeting and inform the student of the same.

The Appeals Committee will convene with the student within 45 days from the date of the request, allowing the student, or his parents if the student is a dependent, to present relevant evidence. The student may be assisted or represented by counsel of his choice and at his own expense. A written decision based solely upon evidence presented at the hearing will be given the student within 45 days after the conclusion of the hearing, including a summary of the evidence and reasons for the decision and notification of his right to place a statement in the Education Record. Thereupon, the student may submit to the Committee a written explanation to be inserted into the RECORD.

Note: This procedure does not provide for a hearing to contest an academic grade.

**D. Right of Access Does Not Include:**

1. Financial records of parents or any information therein.
  2. Confidential letters and statements of recommendation which were placed in the EDUCATION RECORDS prior to January 1, 1975.
  3. RECORDS to which access has been waived by a student.
- E. No University office receiving student information shall, and all agencies receiving student information will be advised not to, release the information to another party without the written consent of the student.
- F. The University retains all rights to the student's academic record and may withhold transcripts of the record because of unfulfilled obligations to the University.
